Greetings to all,

Sending along an update on the Browns. We are in Florida and have been blessed to work a couple of events with incredibly good success. People are searching for answers as the world seems to be out of control. We were promised that there would be "wars and rumors of wars" and we are certainly experiencing that. We have many Ukrainian friends as I'm sure many of you do as well. Keep them in your prayers.

I, Bill, just returned from a hurricane disaster mission trip to Louisiana. Great group of volunteers joined us; picture included. We were missing a couple of folks when the picture was taken in front of the LA Cattlemen's Association offices that we used as our headquarters. The group was a pleasure to work with. We were able to bless several families, cleaning up a very large area for a widow from fallen trees and fixing some of her fencing as well. Three other locations needed roof repairs ranging from new steel and in two cases building new rafters and strengthening some walls on storage buildings destroyed by the hurricanes. FCFI has been blessed by a donation of a tractor with grapple forks to help in cleaning up trees. Also, an ag business in FL. donated over \$8,200.00 worth of generators and chain saws. I'll have a full report with pictures in the June issue of The Harvest. God is good!

We had a special guest for the last 5 days as daughter, Lorri, helped at an event. As far as my health I'm doing much better and have gained back 10 of the 30 lbs. I lost because of my cancer treatments.

We still have a busy schedule here in FL. before heading to SC. the last of March and the Flowertown Festival. We're planning to arrive back in NY around April 7th, and I have several checkups to see how my body has reacted to the treatments. We're believing that God has healed. We do covet your prayers as we serve and get back on our feet.
